FROM THE LIBRARY

Beginning this fall the DeWitt High School Library is extremely lucky to be acquiring access to the Gale Virtual Reference Library eBooks. This incredible resource will provide online access 24/7 to 314 reference titles that we would not otherwise be able to purchase in print format. This online reference library can be accessed from the Dewitt High School Library Website at <https://dewittslibrary.wikispaces.com>. The access will be automatic at any computer at school, and at home by using our password which is available in the library. Thanks go out to the Board of Education, Superintendent Tina Templin, Finance Director Bill Melching, and the Technology Department, especially Sherry McVay the Technology Director, for making this incredible resource available to our staff and students.
